

NIÑO GABRIEL C. CASANOVA

0393 Purok III Tangway, Lipa City, Batangas • gabrielcasanova@gmail.com • (+63) 994-456-8803

Summary

Computer Science student at De La Salle Lipa with a strong interest in Data Engineering, Front-End Development, and Data Analytics. Looking for a part-time internship where I can apply the technical skills I learned, gain industry experience, and collaborate on meaningful projects. Experienced in developing responsive web and mobile applications through academic and personal projects using React, Next.js, Node.js, Supabase, SQL, and Expo. Currently expanding my horizons in Python, Data Science, and Machine Learning, with a passion for building data-driven solutions and learning new technologies.

Education

De La Salle Lipa

Lipa City, Batangas

Bachelor of Science in Computer Science

In progress

- Coursework: Data Science, Artificial Intelligence, Object-Oriented Programming, Discrete Mathematics, Data Structures and Algorithms, Operating Systems.
- Thesis: "SafeSeat: A Hybrid Behavioral-Physiological Vehicle Seat System For 5-Seater Vehicles Integrating AI and Event-Based Computer Vision For Passenger Safety ".

Projects

SafeSeat | Python, C++, TypeScript, Tailwind CSS, Supabase, React Native, Expo, GitHub

2026 - Present

- Developed an AI-powered IoT vehicle occupant monitoring system that uses multi-sensor fusion and machine learning to detect abnormal passenger conditions and deliver real-time safety alerts.
- Deployment: Vercel

SpeakUp | JavaScript, Supabase, CSS, HTML, React JS, Vite, GitHub

2025 - 2026

- Developed a full-stack web-based report management system that streamlines secure incident reporting, real-time tracking, and administrative case management using React and Supabase.
- Deployment: <https://proj-big-bro.web.app>

StylePick | TypeScript, Tailwind CSS, Supabase, React Native, Expo, GitHub

2025 - 2026

- The e-commerce mobile store system enables customers to buy and sell products through their mobile devices.
- Deployment: Vercel

Skills

- **Frontend:** React, React Native (Expo), Next.js, TypeScript, Tailwind CSS, HTML, CSS, JavaScript
- **Backend & Database:** Node.js, Express, Supabase (Auth, Database, Storage), PostgreSQL basics
- **AI & Machine Learning:** OpenAI, Python, R
- **Tools:** Git & GitHub, Figma, EAS Build, VS Code, Vercel, Canva, NPM, AI Tools (Claude, GitHub Copilot)
- **Languages:** JavaScript, TypeScript, Python, C++, PHP, R

Seminars

Bridging Ethical Hacking and Data Analytics: Building Smarter and Safer Systems

2026

- Introduced the fundamentals of ethical hacking and data analytics, emphasizing vulnerability assessment, penetration testing, anomaly detection, predictive analytics, and the use of AI and machine learning to build smarter and more secure systems.

- Highlighted the importance of integrating cybersecurity and data analytics to develop intelligent, data-driven solutions while promoting ethical practices, privacy protection, and real-world problem-solving skills for aspiring computer scientists.

Innovative Research Horizons

2026

- Learned the fundamentals of ethical hacking and data analytics, including penetration testing, vulnerability assessment, and predictive analysis for strengthening cybersecurity.
- Explored how AI, machine learning, and data analytics enhance intrusion detection, anomaly detection, and fraud prevention while emphasizing the importance of privacy, ethics, and responsible data use.

CaLaBaRZon Young Innovators' Challenge

2026

- Applied design thinking to identify community challenges, develop innovative solutions, and collaborate with multidisciplinary teams during the CaLaBaRZon Young Innovators' Challenge.
- Strengthened innovation, teamwork, and problem-solving skills while learning intellectual property concepts and creating technology-driven solutions for real-world community needs.

Certifications

Course	Issuer	Completed	Hours
Introduction to Python for Developers	DataCamp	FEB 10, 2026	3 HRS
Introduction to R	DataCamp	MAR 29, 2026	4 HRS
Intermediate R	DataCamp	APR 12, 2026	6 HRS
Introduction to the Tidyverse	DataCamp	APR 24, 2026	4 HRS
Data Manipulation with dplyr	DataCamp	MAY 09, 2026	4 HRS
Introduction to Python	DataCamp	MAY 30, 2026	4 HRS
Intermediate Python	DataCamp	JUN 17, 2026	4 HRS
